To Whom It May Concern,

Back in June of 2007 we had our home painted by a College Works Painting crew led by Jeff Richards. We just wanted to express our sincere appreciation for the work they did. Everything went as smoothly as we expected and the paint job surpassed our expectation. We felt very well taken care of by College Works' crew and love showing off our new paint. In fact, someone who visited our neighbor's house recently came over and talked to us about it as she was considering having her house painted and we raved about the whole experience.

We will continue to give both you and the company high marks whenever we get the chance. Thanks for painting our house.

Sincerely,

A handwritten signature in black ink, appearing to read "Charis and Rob Sharp". The signature is stylized and somewhat cursive, with the first letters of the names being prominent.

Charis and Rob Sharp
